Umuzi Academy

Advanced National Certificate In IT

01/2023 - Anticipated Graduation: **08/2024**

University of KwaZulu - Natal

Bsc Civil engineering

01/2023 - Incomplete

Projects

My portfolio Website

I developed my personal portfolio website, employing a blend of HTML, CSS, and advanced DOM manipulation techniques. This endeavor showcased my adeptness in front-end development, ensuring a seamless and visually captivating user experience.

College Project

I developed a MongoDB database leveraging PostgreSQL to efficiently manage and store visitor data. The project entailed proficient utilization of JavaScript alongside the implementation of mocks and spies for rigorous testing.
